### **CJR – Agropur partnership recognition**

---

This year, CJR Wholesale and Agropur built a partnership to distribute Agropur frozen/novelty goods to Agropur customers in the Grand Toronto Area.

CJR Wholesale is a very reliable distributor with employees who have good operations at heart.

Our points of contact at CJR Wholesale invested time in setting up the different processes to provide an optimal DSD service to Agropur customers in their territory.

CJR Wholesale was always there to work with us on the little things making the daily operations happening in any circumstances. If we ever had an operational need, CJR responds & tries to find a solution quickly, especially during the distributor transition at the beginning of the year.

Customers of Agropur are satisfied of CJR Wholesale services provided since the beginning of the partnership and we're thankful for that.

Again, to the entire team at CJR, please receive our most significant thank you for the efforts and your service this year!

Regards,
